

## My first document

Hello! This is a short example of a L<sup>A</sup>T<sub>E</sub>X document I wrote on July 8, 2003. It shows a few simple features of automated typesetting, including Throughout the book, Derrida discusses the importance of interrogating television and being aware of the affect and interpretation that occurs with media [DS02].

Style guides are good. [SW79]

- setting the default font to 12pt;
- specifying ‘article’ type formatting;
- using the palatino typeface;
- adding special formatting for URLs;
